# About Meazon

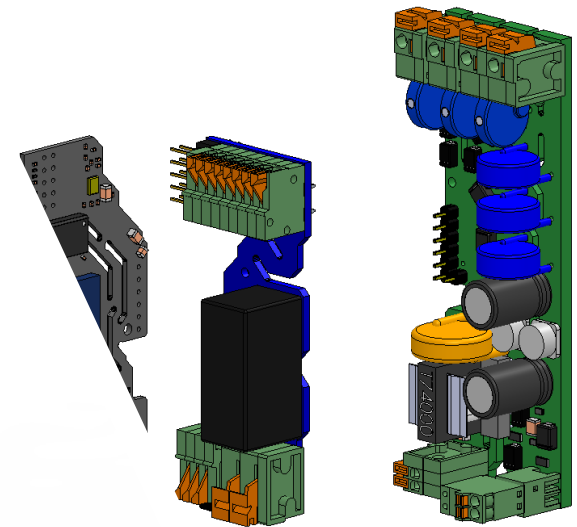

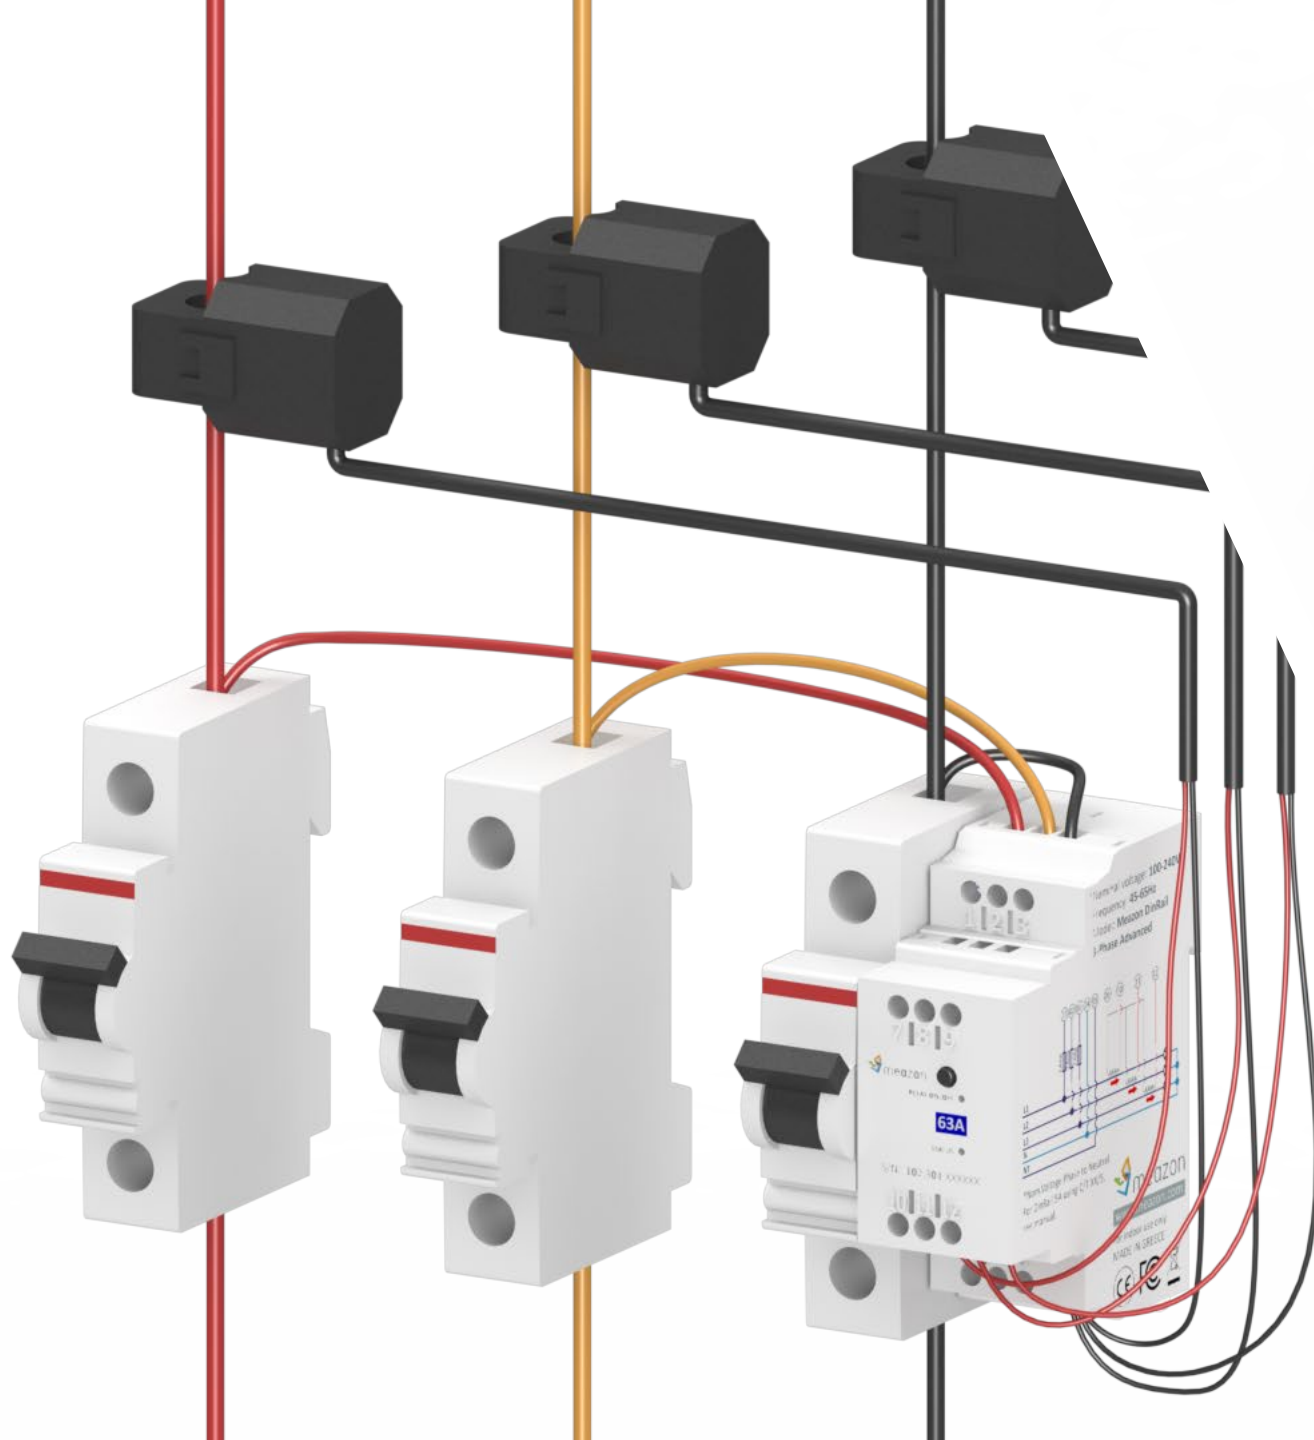

# Technology Leadership

## Optimized embedded design process targeting at :

- Technology leadership
- Ergonomy & ease of use
- Bill of material cost optimization
- Optimized cloud service connectivity

# Smart city

?

Recognized for meeting DOE's  
Wireless Submetering Challenge

**Meazon**

Presented by the U.S. Department of Energy  
May 15, 2017

A handwritten signature in black ink, appearing to read "K. Hogan".

Dr. Kathleen Hogan  
Deputy Assistant Secretary for Energy Efficiency

Prototypes were tested at the General Services Administration  
(GSA) Headquarters in Washington D.C. *(Photo from GSA)*

# IoT nodes competitive advantages

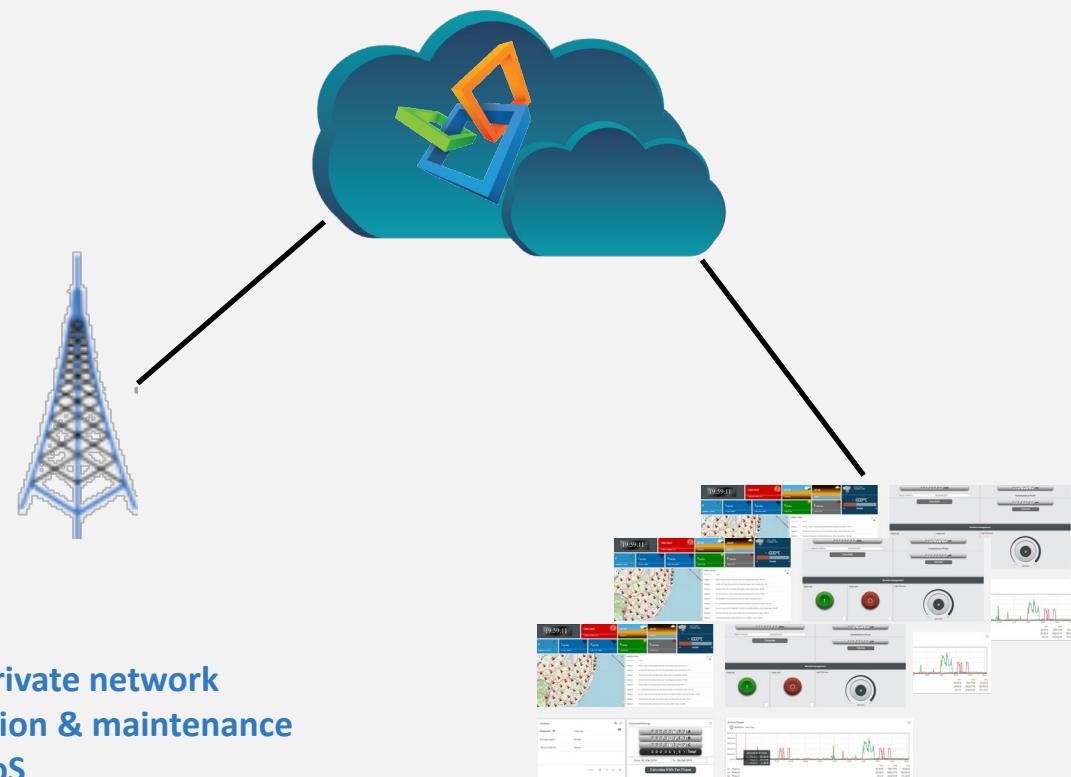

7

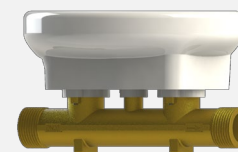

# Before

many gateways, private network  
expensive acquisition & maintenance  
not guaranteed QoS

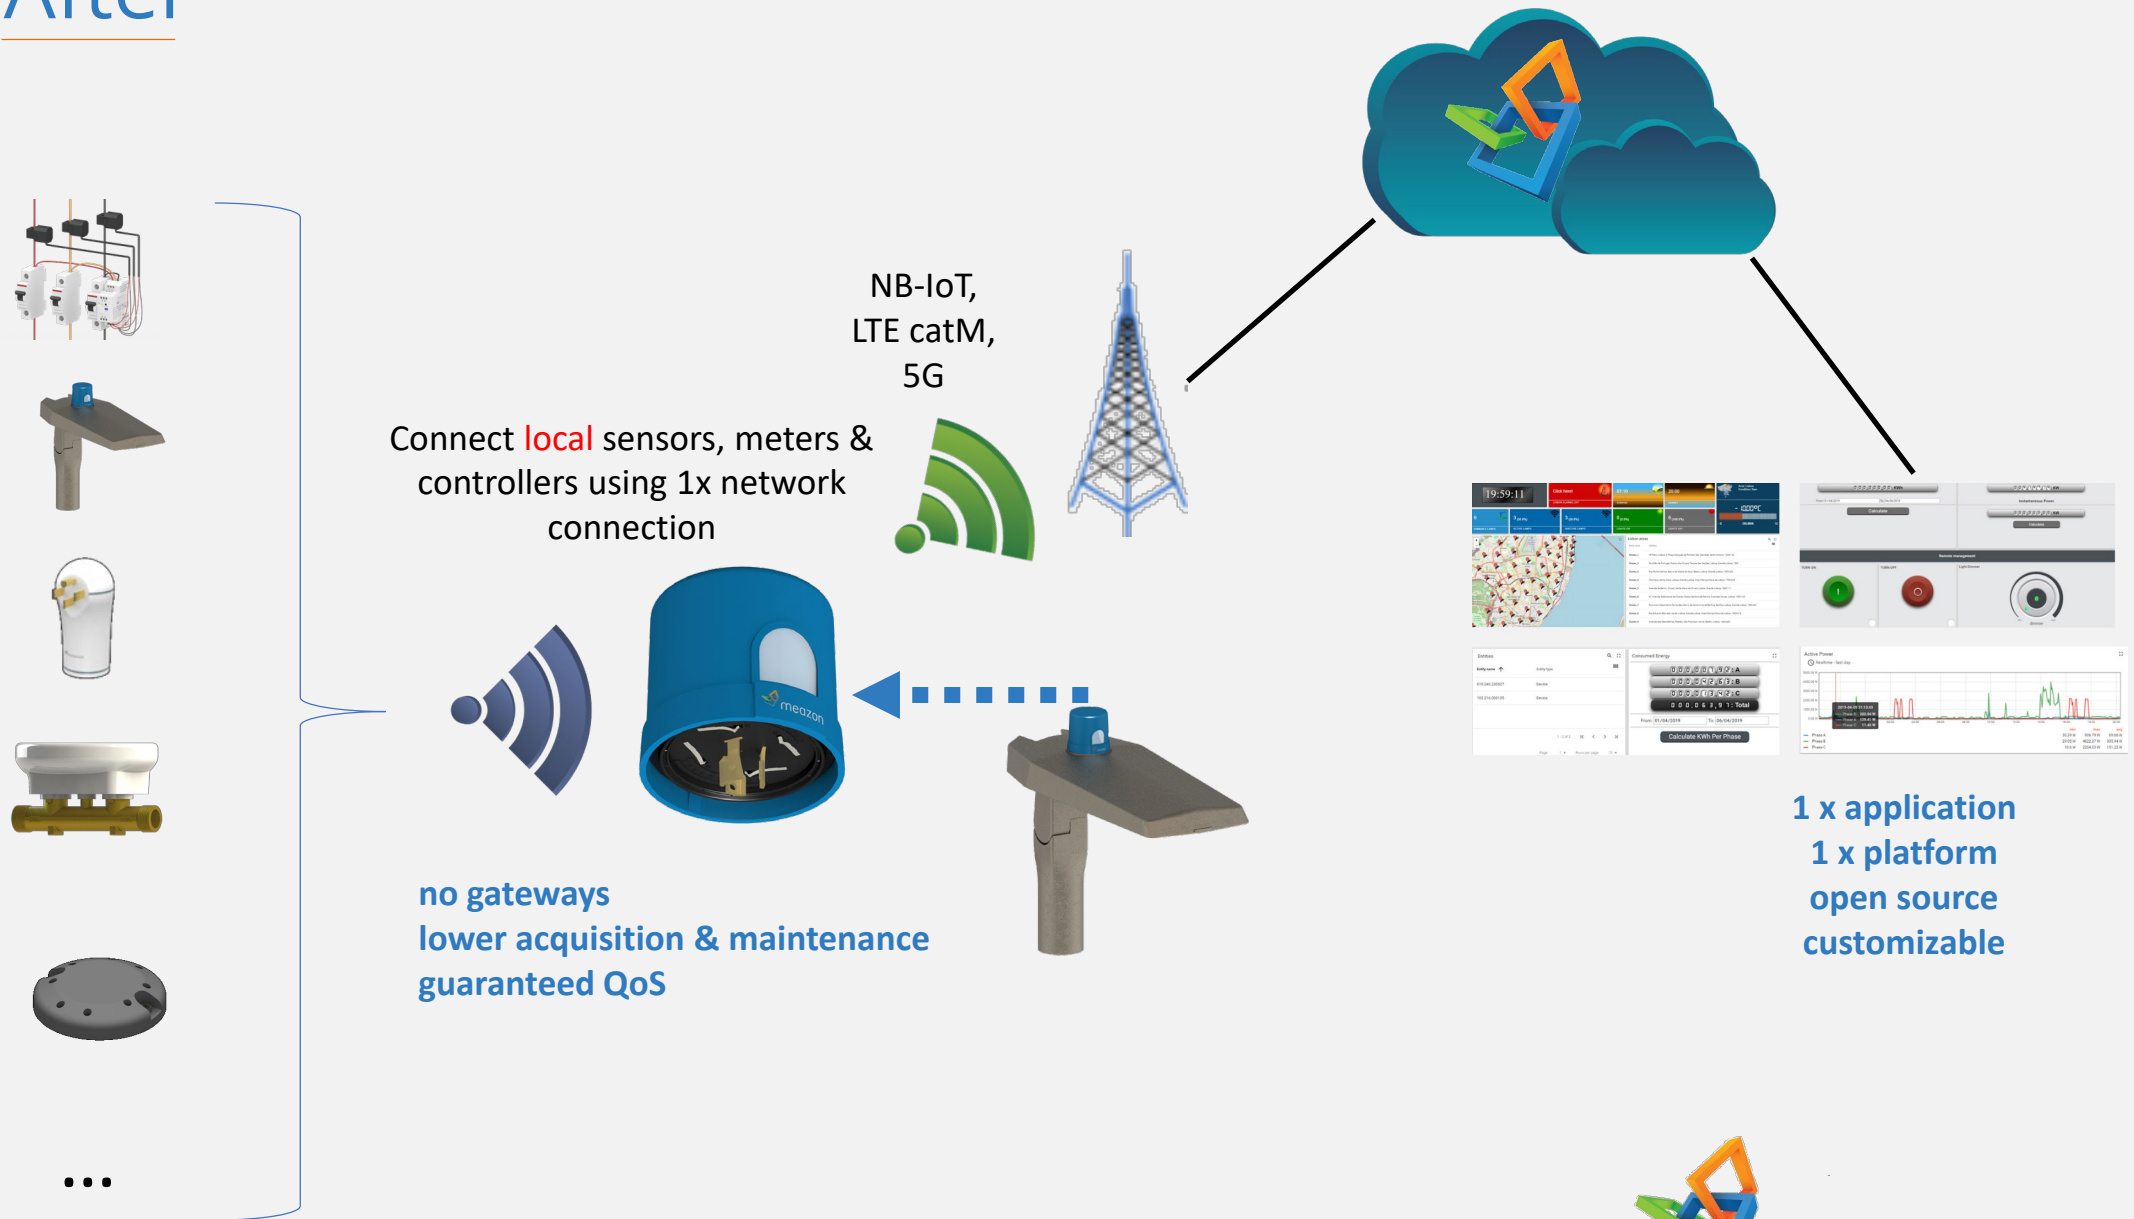

Many applications &  
platforms

# After

# One customizable Platform

we help you connect  
everything under  
one platform

## SMART STREET LIGHTING FOR SMART CITIES

### SMART CITY TECHNOLOGY

1. (Zigbee / NBIoT) Meazon  
Street Light Controllers

2. (Zigbee)  
EV Chargers

3. (Zigbee)  
Parking Lot Sensors

4. (Zigbee)  
Non Parking Lot Sensors

5. (Zigbee)  
Water Meters
