

Working from Home

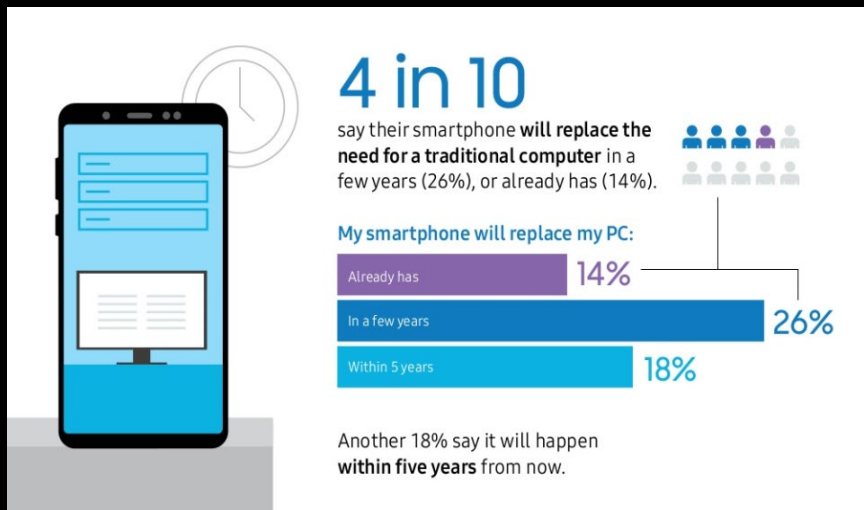

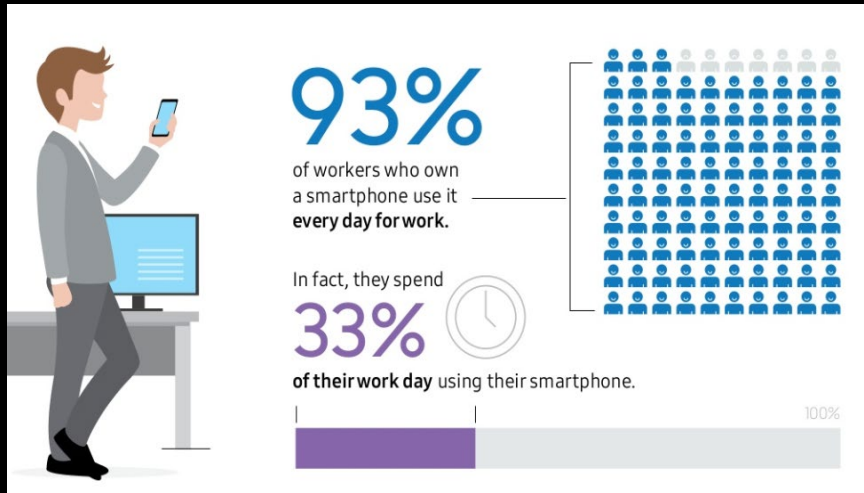

A woman with curly hair, wearing a white turtleneck sweater and dark pants, is leaning over a dark desk in a home office. She is using a blue pen to write on a clipboard. On the desk, there is a calculator, a cup of coffee, a small potted cactus, a pink pen holder, a laptop, and some papers. In the background, there is a white cabinet, a framed picture with a polka-dot pattern, and a bicycle.

Enterprise Mobility: a New Normal

Mobile devices have become a key enabler for organizations to do things better and faster

Security is the top mobility challenge most enterprises face

Working from Home

“We’re being forced into the world’s largest work-from-home experiment and, so far, it hasn’t been easy for a lot of organizations to implement”

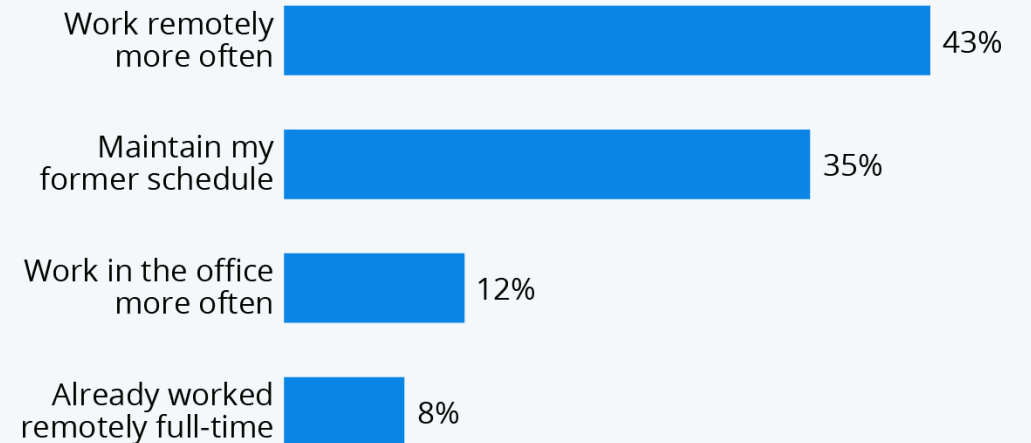

By 2030, the demand for remote work will increase by 30% due to Generation Z fully entering the workforce.

64% of today’s professionals say they could work anywhere and remote work policies are common (in place at 71% of organizations).

Together

The background of the slide is a blurred city street at sunset. The sun is low on the horizon, creating a warm, golden glow. Light trails from cars are visible, streaking across the frame. The buildings on either side of the street are also blurred, emphasizing the sense of motion.

Thank You... and stay safe
